Don't say you love me unless you do,  
Don't make me waste my tears on you.  
Ooh, don't be two faced.  
Don't look at me the way you do,  
Your eyes are blue, but they're not true.  
Ooh, don't be two faced.

Then you pretend your love is true,  
In the end it will hurt only you.

A kiss from you is just the way,  
It just leaves a bitter taste.  
Ooh, don't be two faced.

Then you pretend your love is true,  
In the end, it will hurt only you.

A kiss from you is just the way,  
It just leaves a bitter taste.  
Ooh, don't be two faced. ooh,  
Don't be two faced. ooh, don't be two faced.
