Your cheating ways are pulling us apart,
How long can that tail in my broken heart?
I'm just a prisoner in your two-timen chains.
I'm leaving you to let me love again.

Well, I pull up with this for far too long.
You -do me right but then you're doing, me wrong.
Ain't your excoses false I'm just saying,
I'm leaving you to let me love again.

I need a woman to stay true to me, and that's why I'm
breaking free.
I gave you loving like no other man,
So go and find yourself a fool if you can.

These days are gone and that's over and done,
So I'm getting out do have me some fun.
For far too long I let you drive me in sain,
I'm leaving you to let me love again.

I need a woman to stay by my side, and give me back
my heart.
You never thought I'd ever leave you,
Just watch me honey 'n' see what I'm gonna do.

I'm gonna walk right out the door I came in.
I feel so happy I might even grin.
I've been a prisoner in your two-timen chains.
I'm leaving you to let me love again.
I'm leaving you to let me love again.
I'm leaving you to let me love again.
