"Love You Out Loud"

I wanna love you in the street.
I don't wanna be descreate,
I wanna kiss you in a crowd,
But I don' t think that's allowed.
Nobody knows just how I feel.
Nobody knows our love is real.
I wanna show the world I'm proud.
I wanna love you out loud,
Do wanna whisper in your ear,
I want the whole world to hear.
I wanna show that, yeah, I'm proud.
I wanna love you, wanna love you,
Wanna love you out loud,
