I've got a girl I just love her so  
More and more you gotta see her rock n roll  
Well she's my cutie cutie  
Well she's my cutie cutie  
My cutie cutie is a real fine talking doll

Well... Lips are like cherries. Kisses like wine  
When we touch she drives me crazy every time  
My cutie cutie Well it's my cutie cutie  
My cutie cutie is a real fine talking doll

Well and when we rock, whey and we roll  
Well, my heart goes flippity flippity flop  
Well, I'm in love I'm in love and I just can't stop

My cutie cutie don't need powder ot paint  
She's like my heaven must be a saint  
Well it's my cutie cutie. Well, it's my cutie cutie  
My cutie cutie is a real fine talking doll

Well and when we rock, whey and we roll,  
My heart goes flippity flippity flop  
Well, I'm in love I'm in love and I just can't stop

My cutie cutie don't need powder ot paint  
She's like my heaven must be a saint  
Well, it's my cutie cutie. Well, it's my cutie cutie  
My cutie cutie is a real fine talking doll  
Well... My cutie cutie is a real fine talking doll  
Well... My cutie cutie is a real fine talking doll
