Somewhere in the night,  
somewhere in the dark out there.  
Hidden outa sight,  
feeling like no body cares.  
You used your heart that used to be  
happy to be just with me,  
but now it's broken  
out there somewhere in the night.

Not so long ago,  
when our love was carved in stone,  
we didn't even know  
what it meant to be alone.  
In those eyes that used to shine  
with a love that I knew was mine  
well now they're cryin'  
out there somewhere in the night.

It's not the way this story is supposed to end.  
I want to say let's turn the pages back and start again.  
If there's a way to make it end right,  
I know I'll only find it  
out there...  
out there...  
somewhere in the night.

Somewhere in the night. (ah baby!)

Deep inside my heart,  
I know it's gonna be alright.  
We shouldn't be apart  
just because of one little fight.  
Was a bad day now and then,  
to a heartache that never ends,  
and leaves us always  
out there somewhere in the night.

It's not the way this story is supposed to end.  
I want to say let's turn the pages back and start again.  
If there's a way to make it end right,  
I know I'll only find it  
out there...

out there...  
somewhere in the night.  
Somewhere in the night.  
Somewhere in the night.  
Somewhere in the night.  
Somewhere in the night.  
Somewhere in the night.  
Somewhere in the night.  
Somewhere in the night.
