I have reasons why its sour
I have time to make it sharper
Don't you make me feel no longer
I would love to read the answer...

Where's the thing call beautiful
I don't think it's wonderful
Just to fake it ain't so sweet
Ain't so numb and its not because of me

If I take it all for granted
I would spread word through the pieces
Do you think it all screwed up I don't think so because
I'm free now

Why don't you ask me where I sound from [7x]
Why don't you say to me its not because of me
