What would you say to me if I sold my soul to the devil,  
Would you kneel to me and deny yourself the effection,  
What would you say to me if i sold my soul to the devil,  
If i ask you why confuse my self in corruption,  
I tried so hard too hard to try,  
Hardly try,

chorus;

What in the world what it's like to be stolen?  
I was left in the dark feeling sorry and thank me  
What in the world what it's like to be stolen?  
What in the world did you do?  
Why??????
