ALWAYS

I can feel, you against my skin( i feel you )  
Like the poison, seeping into  
Into my veins, numb with the pain  
Sick and guilty is the sadness you've given to me  
I can feel you .... always

(CHORUS)

I will learn too late  
It's too late to change  
It's too late  
Still these strange frustrations stain  
Burn my skin  
When nobody needs me

This sadness forced to fill  
Like poison  
I'll never heal

(CHORUS)

It's always  
Your always  
I'm always when im always  
(I need you always)  
It's always  
Your always  
I'm always when im always  
(I need you always)

ALWAYS

I AM WITH YOU ALWAYS  
I AM WITH YOU ALWAYS  
I AM WITH YOU ALWAYS  
I AM WITH YOU ALWAYS

ALWAYS
