Were you holding father's hand?
Did your mother bleed
And Understand
How your whole life slipped away?
Fading under grade
Did the world around you fail?
And were you hiding for us all to see?
Did the world around you fail?
When it all came down on me

Is it dark within your mind?
Does your body ache for love sometimes?
Is it cold within your room?
Did you pray they'd come back for you?
Did the world around you fail
When it all come down on me?

The answer's
Always here
Beneath your skin

I'm not
Coming down
Does it feel like this?
Sometimes
When the world stops turning
Long before they knew
Does it feel like this?
Sometimes
When it all stops working?
Now

it's alright
it's alright
it's alright, we don't have to think about it

it's alright
it's alright
it's alright, we don't have to talk about it

now, now, now we don't have to think about it

now, now, now we don't have to talk about it

think about it

it's all you ever need

The answer's
always here
Beneath your skin

I'm not
Coming down
Does it feel like this?
Sometimes
When it all stops working
Long before they knew
Does it feel like this?
Sometimes
When the world stops turning around?

it's alright
it's alright
it's alright
it's alright now
it's alright
it's alright now
it's alright
