

## Butterfly Effect, The "Crave"

Visit "[Crave](#)" on [MotoLyrics.com](http://MotoLyrics.com)

When you crave  
Hurts like slave  
Mores the pain

Oh Lord  
When it feels like I only want you  
And I'll bleed  
Only for you

When you lie  
Damaged I  
Crawl like flys

Oh Lord,  
When it feels like flies,  
Crawling their way through me  
Cause I'm empty,  
I'm empty like you made me  
When it burns like lies  
And all I want is you won't I  
But it hates me,  
It hates me like you  
hate me...

Love  
Me  
Always and forever  
It's hard to be strong when I crave you like I do

Oh Lord,  
I'm only waiting you want me down  
but I'm empty,  
I'm empty like you  
made me  
When it burns like lies  
and all I want is you won't I  
but it hates me,  
it hates me like you  
HATE ME
