

## Butterfly Effect, The "Filling Silence"

Safe, only for you,  
on the edge of the dark,  
when no one can find you,  
Breathe,  
extinguish the spark

Are you hiding from something?  
Yourself?  
reflecting you see,

When I feel you  
lost inside me  
Darkness blinds me  
now that I feel you I,

now that I feel you I,

Except the anti exist,  
when nothing was found,  
when no one can find me,  
I'll know,  
softly  
without a sound

Will I find you?  
Lost inside me?  
Silence I'll be,  
now that I feel you I,  
now that I feel you I,

Drifting inside,  
closing my eyes,  
to the pain I've,  
given into you I've,  
given into you I,

Feel you,  
I feel you I,  
I feel you,  
feel you I,

Forgive me,  
feel you,  
now I have gone into  
all that remains of you,  
is the silence thats filling me now,  
can you hear me...now?

Empty,  
I am,  
Filling,  
Silence
