I'm all alone on the road  
High water tied underneath the flood  
In deserts of dust if I must I will stand

These are my promises

I hope you're winning the war  
To make everything like it was before  
All that we were we can still be again

I swear

I'm afraid you're gone

I don't want you  
I don't want you to go  
I've got the sun in my eyes  
I didn't see you passing me by  
I just want you  
I just want you to know

Inside of me forever you'll go

Now I just want to go home  
Carried by all that was ever known  
Held in these hands if I must I will stand

Given these promises

Now I've been running too long  
These feet are too tired to carry on  
Weighing us down if you're gone I will drown

I'm afraid you're gone

I don't want you  
I don't want you to go  
I've got the sun in my eyes  
I didn't see you passing me by  
I just want you  
I just want you to know

If forever exists  
Inside me forever you'll go

If forever exists...

I've got the sun in my eyes  
I didn't see you passing me by  
Now I've been running too long  
To carry on  
I don't want you  
I don't want you to go  
I've got the sun in my eyes  
I'm afraid you're gone  
If forever exists  
Inside me is where you belong

If forever exists....
