(Here we go)

Sweet.  
And low.  
Sweet.  
And low.

Put your fingers into my mouth,  
Tastes good but look what's coming out,  
This time we'll see what it's all about,  
Oh, It's not like you knew...

Sweet.  
And low.

Secretly purging your denial,  
Come lets go for awhile,  
And see this time what's suppose to be,  
Oh, It's not like you knew...

Sweet.  
And low.  
Sweet.  
And low.

This is your life... (x8)

To ordinary,  
You've got it going  
(You've got it going on)  
Don't say your boring say it ain't so  
(Say it ain't so)  
You never had to make it show  
(You've got to let it show)  
This life is scary, I oughta know...
