

Butterfly Effect, The "Without Wings"

Mould me, human clay,
Broken cutaway.
Using me, puppet strings,
Still born, without wings,
Broken wings.

I've ruptured, the fragile sea,
Taken, a life you steal.
Embryo and always too,
When building blocks, fall down on you.

Without wings, you're without wings
Why won't you find, the reasons why?
You're without wings,
Smashing all you're precious things,
You're ruining me,
I don't bleed without you.

Trauma, my mistake,
Ending, are we made to break?
New threshold, the more you wait,
I'm breathing, under water

Without wings, you're without wings
Why won't you find, the reasons why?
You're without wings,
Smashing all your precious things,
You're ruining me,
I don't bleed without you.

Precious things, without wings.

If I'm dreaming, your awake, is it real?
Inside me sickness, mine to take, yours to feel
You cocoon, inside your own. temperate stain,
Breathing new life into my lungs, you're not breathing.

You're without wings,
You left me here.
You're precious things,
You broken,

Broken.
