Look in the mirror, and I just don't seeMyself
Thinking bout the world, makes me real unwell
Pre-chorus:

This is my invitation, This is my callingout
Gotta go out there tonight, Gotta make them shout

Chorus:

Cause I feel Like a, Cool Breeze, in the sunlight,
Breaking out, makes me feel alright
Cool Breeze, In the Sunlight, Breakingout, Makes me
feel alright

My heart is beating, but the love ain't working
I am waiting, but the time ain't passing

This is my invitation, This is my callingout
Gotta go out there tonight, Gotta make them shout
Cause I feel Like a, Cool Breeze, in the sunlight,
Breaking out, makes me feel alright
Cool Breeze, In the Sunlight, Breakingout, Makes me
feel alright

Bridge:

My dreams feel so real, but there's this kind of fear
It's time to show up now, so lets get out right now (x2)
This is my invitation, This is my callingout
Gotta go out there tonight, Gotta make them shout
Cause I feel Like a, Cool Breeze, in the sunlight,
Breaking out, makes me feel alright
Cool Breeze, In the Sunlight, Breakingout, Makes me
feel alright
