Sometimes  
I feel like  
I'm completely lost  
As if I  
Didn't have control  
Control over nothing  
Why?

Sometimes  
Life surprises me  
Bringing everything  
That I haven't solved yet  
I haven't solved yet  
So why?

All the dead appear  
When I'm trying to sleep.  
I also see your face  
And it's always so  
Lonely and private.  
You're one more who's  
Accusing me for all I didn't do.  
Why, why

I am  
So insecure and friendly  
Walking and knowing  
I'm going to fall.  
With your eyes  
Towards me.  
Waiting only for me to say  
Something is wrong.
