Let me tell you son
If i had legs like you then i'd love to run
You know and another thing kid
Let me sit you down here tell you what i did
Well i fought the war
Got a kid, got a wife got rich got poor
Made it in my own time
All you need is patience and a peace of mind
So ease your mind my boy
Ease your mind my boy
Ease your mind
And the things you want are the things you'll find
So long
Your ship may sink before it even hits the water
Your dreams may wind up at the bottom of the sea
Don't let the changing winds of time define the man
you want to be
You want to be

He said drink with me
Toast the good and the bad feel the sting of your
memories
Carry me to bed,
My foolish old age makes a wise old head
Let this be last
For the time has come and all things must pass
Let me hear you say
What a wise old man told you yesterday
So ease your mind my boy
Ease your mind my boy
Ease your mind
And the things you want are the things you'll find
So long
Your ship may sink before it even hits the water
Your dreams may wind up at the bottom of the sea
Don't let the changing winds of time define the man
you want to be
You want to be

If you live for nothing then you'll die with nothing at all
