All this is exactly what I wanted
It seemed so picture perfect
All the memories in my mind are so haunted
Now I just can't get over it
All the arrows on every single sign
Point to an emergency exit
Even after all's been said and done
I'm back here on your doorstep

I got it so bad, I'm sick I can't get over it

None of this is anything I wanted
It seemed to sore subjected
Nothing is as satisfying, pry, or taunted
Now I just can't get over it
All the words are stuck between the lines
Now I'm right here like I promised
And even though the flowers are all wilted
I lay them where you rested

I got it so bad, I'm sick I can't get over it
I want you so bad, So thick I'm stuck inside of it
I hate I'm so mad, No time left to get into it
I got it so bad, I got it so bad

I hate you for this
(That's right cuz I'm not over it)
Hate you for this
(That's right, That's right)
I Hate you for this
(That's right cuz I'm not over it)
Hate you for this

You said we'd try to make things right even if it took us
our whole lives
(Our night is almost over. Our night is almost over)
You'll always be here by my side, but goddamn our
time's precious tonight
(Our night is almost over. Our night is almost over)

And I hate you for this.....Hate you for this

(I got it so bad, I'm sick I can't get over it)

Hate you for this....

(I want you so bad, So thick I'm stuck inside of it)

Hate you for this....

(I got it so bad, I got it so bad)

I hate you for this....

(I got it so bad, I'm sick I can't get over it)

(That's right cuz I'm not over it)

I Hate you for this

(I want you so bad, So thick I'm stuck inside of it)
