(BYentl)

Under the tree

It makes me proud to see

My little girl, in a magical world

It's good to see you all happy, my baby

(Yentl)

We're in the snow

And we find a mistletoe

So I give you a kiss, there's nothing better than this

(BYentl)

Someday you'll be a mom like me and you'll see

(Together)

Waiting for Santa by the fireplace

Chorus (Together)

So why don't we make a list

Of all that we missed

We can make a dream come true

Cause it is Christmas

And there could never be a Christmas without A smile  
and a kiss

The season of bliss

Nothing that we can't do

Cause it is Christmas

And there could never be a Christmas without you

(BYentl)

Let's take a ride

On Santa's Sleigh tonight

(Yentl)

I'll go anywhere, as long as you're there

You were once a little girl like me, it's crazy

(Together)

We will be singing by the fireplace

(Together)

So why don't we make a list

Of all that we missed  
We can make a dream come true  
Cause it is Christmas  
And there could never be a Christmas without

A smile and a kiss  
The season of bliss  
Nothing that we can't do  
Cause it is Christmas  
And there could never be a Christmas without you

Bridge:  
(Yentl) You and me  
(BYentl) We will be  
(Together) Singing Merry Christmas(Yentl) So let's go  
(BYentl) WOewoho  
(Together) Let it snow!!!

(Together)  
So why don't we make a list  
Of all that we missed  
We can make a dream come true  
Cause it is Christmas (Christmas Yeahhh)  
And there could never be a Christmas without

A smile and a kiss  
The season of bliss  
Nothing that we can't do  
Cause it is Christmas (Christmas Yeahhh)  
And there could never be a Christmas without you
