Don't doubt yourself, babe
Let your feet stand up
For your beliefs babe

I know what's running through your mind
You think you ought to capture time
Make love walk the straight and narrow
Oh,oh,oh...

Don't doubt yourself, gal
Let what's inside be your guide
You know darn well

For all the wrongs been done to you
Is makin' you prettier so don't be blue
The life you've lived
And what you've been through you're lucky
Oh,oh,oh...

Don't doubt yourself when
Daylight fades and darkness begins

It's only come to show you that
You're the one who knows where it's at
The rest who think they've
Got it pat know nothing
Oh,oh,oh...

Don't doubt yourself 'cause
At the end of your words
No one applauds

The truth is proven to be found
Harder to take the first time around
So don't you worry it's gonna be all right
Oh,oh,oh...
