"Girl With No Name"

One day she came along,
I didn't know her name
My friends said to me
Watch out for the game
I didn't want to believe
All the things they said
It seemed to be the right time
A love affair instead

Walkin' down the beach,
Kickin' up the sand
Not so far away
Wonderin' where they'll land
We talked of things
To do and places that we'd tame
A one with a love to share
With a girl who had no name
Who had no name

Then it came the time they said
When all the good went bad
She walked into the night,
It didn't make me sad
I felt my friends advice
Echo through my soul
A one with a love to share
With a girl who had no name
Who had no name
