I want to grow up to be a politician  
And take over this beautiful land  
I want to grow up to be a politician  
And be the old U.S. of A.'s number one man

I'll always be tough but I'll never be scary  
I want to shoot guns or butter my bread  
I'll work in the towns or conserve the prairies  
And you can believe the future's ahead

I'll give the young the right to vote as soon as they  
mature  
But spare the rod and spoil the child to help them feel  
secure  
And if I win election day I might give you a job  
I'll sign a bill to help the poor to show I'm not a snob

I'll open my door, I'm charging no admission  
And you can be sure, I'll give you my hand  
I want to grow up to be a politician  
And take over this beautiful land

I'll make you glad, you got me in with everything I do  
And I'll defend until the end, the old red white and blue  
I want to grow up to be a politician  
And take over this beautiful land

And take over this beautiful land  
And take over this beautiful land
