"Love That Never Dies"

Something happens to me every time when we touch
Sometimes I'm worried, 'cause I think I might love you
too much

Yeah, I know what your mama said and maybe she's
right

But can't you feel what my heart is saying tonight

For a woman like you, life's an opening door
You're the beautiful girl that we're all looking for
Yeah, you can have anything, anything that you want
But, baby, what we've already got can never be bought

If our love is a timeless flight
Well, you know that's alright
'Cause we're gonna take our time loving tonight

I'm gonna hold you right here in my arms
As the Limousine takes us away
And we'll dream about the music of some brighter day

Throw a dime to the tambourine man
And kiss all the horses goodbye
And believe in the spirit of a love that never dies

Yeah, you can have anything, anything that you want
But, baby, what we've already got can never be bought

If our love is a timeless flight
Well, you know that's alright
'Cause we're gonna take our time loving tonight

I'm gonna hold you right here in my arms
As the Limousine takes us away
And we'll dream about the music of some brighter day

Throw a dime to the tambourine man
And kiss all the horses goodbye
And believe in the spirit of a love that never dies

I'm gonna hold you right here in my arms
As the Limousine takes us away

And we'll dream about the music of some brighter day

Throw a dime to the tambourine man
And kiss all the horses goodbye
And believe in the spirit of a love that never dies

I'm gonna hold you right here in my arms
As the Limousine takes us away
And we'll dream about the music of some brighter day
