(Skip Battin and Kim Fowley)  
Starlight crossed my eyes she took me by surprise  
Said you'd come to town last summer brought me  
down  
I said I'd never seen the likes of you before  
She pulled a gun and not in fun I'm dyin' on the floor  
You all look alike I'm sorry I don't know  
You all look alike we never met before  
No matter how I try to say I've never been down this  
way  
Said I couldn't be fair 'cause you all look alike  
Lyn' here and dyin' here I'm tryin' to get my strength  
It's so hard to get on back when you're lyn' at full  
length  
All the crowds and all the dogs from miles around just  
stare  
They looked at me and shed a tear I'm glad those  
people care  
You all look alike I'm sorry I don't know  
You all look alike we never met before  
No matter how I try to say I've never been down this  
way  
Said I couldn't be fair 'cause you all look alike  
You all look alike I'm sorry I don't know  
You all look alike we never met before  
no matter how I try to say I've never been down this way  
said I couldn't be fair 'cause you all look alike
