Verse 1

Touch me, I don't mind at all
Some might say I'm freaky freaky
Kiss me, while I'm on the wall
Sweep my feet from underneath me
U know that I'm diggin u
Got me all in outer space and
I know that u feel me too
Lets hop on your love spaceship, uh
And fly away, yeah baby we can just fly away,
Like right away, and after maybe
You'll sleep inside of me
Now u might think less of me
He said baby that's okay
Felt this here love tidal wave
And this is what he had to say...

Chorus

Just because your freaky, girl it doesn't make u a hoe
(no no)
Just because your freaky, girl it doesn't make u a hoe
Just because I let ya, touch me it don't make me a hoe
hoe hoe
Just because I'm drinkin, girl it doesn't make me a
dawg. (no no)

Verse 2

Wait we still up in the club
They might think we freaky freaky
Watchin while we makin love
Tryin your hardest to please me
Think it's time to shake the spot, parking lot,
Drink a lot, get home bodies rock, at least til the
neighbors knock.
Uh, your mine today
Better hand me your love right away
Like up, down, side aways,
We gotta do things my way.

Don't think that im easy
But I like it when u tease me
Now this is what he had to say...

Chorus

Just because your freaky, girl it doesn't make u a hoe

Just because your freaky, girl it doesn't make u a hoe
Just because I let ya, touch me it don't make me a hoe

Just because I'm drinkin, girl it doesn't make me a
dawg. (no no)
