Buttfuck me!
or make love to me.
Pound my face!
Hard until it bleeds.
I taste my blood!
I'ts a bit like cocacola, rum and a twist. its actually quite good.

buttfuck me!
and let me feel,your cock deep inside of me.
put me in!
a wheelchair for all I care. give me all youve got!
Anyway I will still drive you with my right foot Like a traktor!
you're not so bulletproof my friend.

If you buttfuck me with that mosquito dick
or bite my arm with your puppy-teeth or thrash talk me
with your five word vocabulary man, it really hurts.
buttfuck me! with your girlfriends lubricated, strap-on
piece!
that you like to get shoved upp your own anus when
you're all by yourself dressed in a skirt.

And I will be fisting you with my foot, Like a traktor!
you're not so bulletproof my friend.
I drive you like a traktor!

Why we are no longer friends are so bleeding obvious
cause you treat me like a fuck.
I don't know why youre alive. you should be dead now
you should actually have started to rot!
my world is just fine without a trace of your face. but if
you insist it is ok , cause you are not even close to
coming near.
cause when you'll thy and go-cart my ass I'll drive ya
like a traktor!
