Keep on talking to me
I need the right energy
Whatever pain that might come
I'll get it over and done
I need the confidence upon
Giving away what was gone
Unless time infiltrates
Into my mind that looks so blank
But It's irrelevant it does
Go toward anything because...

She don't care
And she don't know
How it feels
To be in a world of hate
And if he can't see
You and me
Still have contact

Listen, I can't take it
The things I've hated
Went further down the path
I need to think before it bleeds
Whatever it comes to be...

She don't care
And she don't know
How it feels
To be in a world of hate
And if he can't see
You and me
Still have contact
Argue all you want
Just to make it right
Before someone pleads
On their knees
And if peace can't make it
I'll just make contact

I'll be here when I die
The word "heaven" is a lie

Giving up is a sin
I kinda refer to giving in

She don't know
And she don't care
How it feels
To be in a world of hate
And if he can't see
You and me
Still have Contact
Argue all you want
Just to make it right
Before someone pleads
On their knees
And if peace can't make it
I'll just make contact
With you

But now I don't have the time
To be wasting what was mine
The mistakes are what I tried
Because you are just a lie...
