A breath of fresh air, that's what you are to me,
when I need that room to breathe your part of me;
You always right there, I look into your eyes
and I see how hard it is to fight what's meant to be;
I'm giving in, can't fight a love so strong,
girl don't stop keep it coming on and on;
You like sweet music to that same old song
and the hook of love is all I hear;

Over and Over,
I love you girl,
and I've yet to find someone to come close to you,
Over and over,
your my whole world

Hey girl I like the way you cover Love's ground,
shows you got stability and those
Fringe benefits, babe, keep me from sleep girl
Got to help each other fight temptation.
Have you ever noticed the games that people play
tryin' to get next to love without gettin' involved, girl
Let's take it further.
I'm talkin' all the way,
and I'll show you love through ups and downs-ins and
outs,
And baby over,
(No matter how many times a day, I'll never get enough
of your love)
Over and over,
Over and over, (I tell you girl)

I need no more convincing,
as far as I'm concerned your all the woman I will ever
need
When love is this good I could go on talking forever,
but forever's just not enough time
To tell you over and over. (Oh I need you baby, I love
you.)
Over and over
Nobody does what you do to me over and over
Over and over

(No matter how many times a day, I'll never get enough
of your love)
