(Chorus) Repeat 2x's

Can't have you if I wanted to
Can't let you get away from me
Can't have you if I wanted to
Can't let you go, no

(Vs.1)

Lookin' in the mirror
Thinkin' bout last night
I can't help but see you
Runnin' often through my mind

(Chorus)

(Vs.2)

You were sayin' "Mary, don't let go, hold tight"
I just wanna hold you
All through the night

(Bridge)

(this is somethin' that I can't deny)
(Boy, you know your touch just drives me wild)
Your touch just drives me wild
(Won't you take my hand I'll set you free)
Won't you take my hand
(I want you to belong to me)
I want you to belong to me

(Chorus)

(Rap by Jadakiss)

Yo, yo ,yo
You might bumb into the kiss late night On the ____ and
speedin'
And a dropped 4:30 on my way to rock a birdie
The automatic lead in the car, bread in the car
Plus I'm gettin head in the car, my wedding tomorrow
The more duchess to the head, the ready you are
After the session with shorty, I'll be better tomorrow
And you know how we are, we always keep one or two
That don't say much, like to hit a blunt or two

Or don't mind drivin with ____ in the trunk
I'm Freakin' all for a week, top floor and the trunk
Just laying back blowin' 25's of skunk
Got our keys by the door, We're both tired of punks
Can't let me get away but you ain't ready for 'Kiss
Got the Chevy and the six, wrist heavy as shit
Matter fact, we're gon' take a trip
And put the dat's up
And cop the pink lemonade Cadillac truck

(Chours 2 times)

(Repeat Bridge with ad lib) (Repeat Chours with ad lib
