[Intro]

You know life is funny  
When you look at it  
Everybody wants love  
And every body's afraid of love  
I'm a firm believer that

[Levert]

If you get anything out of life  
You got to put up with  
The tugs and strife, yeah  
You almost pushed our love a little bit too far  
We forgot to remember how blessed we are, yeah  
And that girl over there  
Telling you what she sees  
You don't have to worry  
She ain't gonna get next to me  
You told me think it over  
And I thought it over  
And over and over, over and over  
You see cuz

(Chorus)

That's the way I feel about you  
That's the way I feel about you  
That's the way I feel about you  
That's the way I feel about you

[Mary]

I know you've been hurt, so have many of us too  
That's a sacrifice life is gonna put you through  
Trust in me like I trust in you  
Sometimes I look at you, baby  
And wonder if God sent you here  
Don't take my love as a sign of weakness  
Check into the situation, it gets a little deeper  
Told me to think it over  
And I thought it over and over  
Over and over and over again

Repeat 1

Repeat 1

[Levert]

Please, please, please answer to love  
If it ever comes knocking at your door  
Cuz what's out there knocking, baby  
The world don't get enough of, no, no

[Mary]

I know you've been hurt, so have many of us too  
That's a sacrifice that life is gonna put you through

[Both]

Don't take my love as a sign of weakness  
Check into the situation it gets a little deeper, and  
deeper  
You told me to think it over and over  
And I thought it over and over You think it over baby  
Repeat 1 Ad lib until fade
