No one is asking for your help  
What comes from you is filthy and lame  
Your twisted way to see the world  
Has already sucked out all that was  
good and pure inside me  
All that you touch dies or turns grey...  
This echo craved my way for ages.

I was sentenced to Hell  
When I first called you my friend  
And Why do I Care? No one knows!  
Every time I try to leave or deceive you,  
You make me beg!  
Suc a deep trance, I don't know who I am...  
So do the humdrum and let's rumble!!!

Please ignite the sky so I find myself  
Give me Some insight, so light can prevail  
I've found my foe...  
This man behind the Ego will must go!

Mo way!!!  
No more you ruling ot be in charge of me  
Enough!!!  
Of being served as fuel of hate  
Your Hunger...  
To succeed using corpses as stiar steps  
Let me with no choive, but to blow you away!!!

Mirror... see my face!!  
'Cos this is me no more!  
I'm not who you think I am!!!  
Emptiness...say your prayers!!  
I'm fulfilling you with this...  
'Cos it's really who I Am!  
Now I'm Free!

Please ignite the sky so I find myself  
Give me Some insight, so light can prevail  
I've found my foe...  
Please ignite the sky so I find myself  
Give me Some insight, so light can prevail

I've found my foe...  
This man behind the Ego will must go!
