Tired from this errand...
Another dead end
The Sun has set to soon today...
Inside of me
This new horizon shows no shores, Loneliness,
uncertainty and
Everything seems to grow...around me

The whole world is shaking over
That last small breach breaks away
Light kisses my face, as invade all my soul...
Rising up to Life!!
Broke cocoon
The coziness now it's over
Now I've found my own
All the doors are open!!!

The whole world is shaking over
That last small breach breaks away
Light kisses my face, as invade all my soul...
