Turn Away

You put yourself in fire
Turn to someone else
You are the cry out searching for success
Left your thoughts in darkness
One day they'll return
Some other guide our lesson would be good to learn

Don't get it down on me
Don't ever Turn Away!

Break trough your barriers
Shout down diamond...
And give me tragic lies of simple misunderstood

Step me what you need now
To be that someone else
Is that another desire! it will be your last?

Don't get it down on me
Don't ever Turn Away!

Leave me alone
Seeds now are raised and grown
Guide me today
Then Turn Away
