I'm goin' to Detroit, get myself a good job  
I'm goin' to Detroit, get myself a good job  
Tried to stay around here with the starvation mob

I'm goin' to get a job, up there in Mr. Ford's place  
I'm goin' to get a job, up there in Mr. Ford's place  
Stop these eatless days from starin' me in the face

When I start to makin' money, she don't need to come  
around  
When I start to makin' money, she don't need to come  
around  
'Cause I don't want her now, Lord. I'm Detroit bound

Because they got wild women in Detroit, that's all I want  
to see  
Because they got wild women in Detroit, that's all I want  
to see  
Wild women and bad whisky would make a fool out of  
me
