Keep on walkin' and walkin', talkin' to myself  
Keep on walkin' and walkin', talkin' to myself  
Gal I love's with somebody else

I got the hard road blues, walkin' on down the line  
I got the hard road blues, walkin' on down the line  
Maybe some day my gal will change her mind

It's a hard, hard road when your baby done throwed  
you down  
It's a hard, hard road when your baby done throwed  
you down  
Goin' keep on walkin' from town to town

I'm goin' find my baby, don't think she can be found  
I'm goin' find my baby, don't think she can be found  
Goin' walk this hard road till my moustache drag the  
ground
