Heart to heart - I need to surrender  
Don't look back - my blue eyes cry  
Face to face - oh loving me tender  
Oh, again and again - baby, dreams will fly  
Lost in love - afraid of a stranger  
I'm too young to cry my tears  
Love's life - I'll stay out of a danger  
Oh, again and again babe, I'm hating these fears  
Baby, you're the man who saved my world babe  
Baby, you're the man and I'm your girl  
Face to face and heart to heart, babe  
You're playing the game and you play it smart

Oh, it's a fire of love - a fire of love  
That you'll share with me  
Oh, it's a fire of love - a fire of love  
And my love's free

Cheek to cheek - we're staying together  
Don't give up - just you and me  
Tears of love - are staying forever  
Oh again and again - 'cause I feel what you feel  
Touch a hand and feel the desire  
The wasted days - the wasted nights  
Make a friend - I'm feel the fire  
Oh, again and again baby, holding me tight  
Baby, you're the man who save my world babe  
Baby, you're the man and I'm your girl  
Face to face and heart to heart, babe  
You're playing the game and you play it smart
