I'm a stranger here
You have no heart of stone
I'm feeling so alone
I know what hell is
Reach out - I'll be there
Long as the rose is red
Oh, do not make me sad in the mystic light
Don't lose my number, hey
Oh babe, we hope could be
Oh baby, come with me
I get no guaranties

Wild fire - is the name of love
Wild fire - I can't get enough
Do anything you wanna do
Nights are forever without you
Wild fire - I've been born again
Wild fire - come and be my friend
Do anything you wanna do
Nothing can take the place of you

On the wings of love
Good love can never die
My hope is still alive
Oh, I hate these lies

Like a flame of love
I know, babe, what to do
'Cause I am missing you in the mystic light
Don't treat me like a child
I've almost lost my mind
Time, babe, is on my side
It's a loving kind

Wild fire - is the name of love
Wild fire - I can't get enough
Do anything you wanna do
Nights are forever without you
Wild fire - I've been born again
Wild fire - come and be my friend
Do anything you wanna do

Nothing can take the place of you
