I was born in the analog world, where a  
Brown boy and a light skinned girl took a  
Round trip to the cinema world, but they  
Ended up kissing in the digital world.

I sat in a spot on the ground and I  
Watched the moon man moonin' around, then he  
Shut the door on the space coast town, yeah he  
Went way up but now he can't come down from the

Chorus:

Digital world, the digital world is a cynical world,  
We're living in a dot com world, but  
Boy meets girl in the physical world,  
Digital.

Verse:

With a' Youtube and and an MP3 you can  
Download what you wanted to be, like the  
Cool bands on MTV, but forget about the pictures  
'Cause it ain't for free; you can

Moon walk in 'a' Michael's world, you can  
Trip hop, you can pop and curl, but you  
Can't stop when you meet that girl,  
'Cause her loving's like a muffin'  
In the physical world.

Chorus:

But the Digital world, the digital world is a cynical  
world,  
We're living in a dot com world, but  
Boy meets girl in the physical world.  
The digital world, the digital world's not a  
Physical world. We're living in a dot com world,

But boy meets girl in the Physical world.  
It's physical... It's digital.

We don't stop, we don't stop, 'cause we're on the top,  
on the top. (repeat)

We don't need no digital sound, we' original, we'  
original.  
We don't need no sample of the sound, cause we'  
original. (repeat)

This is the sound the original sound yeah  
Deep in the bounds of the digital hounds  
Break it!
