Trail by the shadow of another time
When I was yours and you were mine
A kiss goodbye on the Brooklyn side
And you left me hanging.

Limos lined round the curve
The F train rumble like a Buffalo herd
I can't remember your last word,
You left me hanging.

Chorus:
Lovers leave each other every day
Some do it clean, others betray
And things reveal, so they say
You left me hanging.

Every road from me to you
Is lining with what we can't undo
Violence of silence crew
Leaves me hanging.

Chorus:
Lovers leave each other every day
Some do it clean, others betray
And things reveal, so they say
You left me hanging.

With nothing to measure
Like a sudden change in weather
Streams of air collide and
Expanding and dividing.
Loves enters then it exits
It goes on like this forever!

New York winds blow colder now
Maybe I'm just older now
Too old to keep holding on
To the downward pool love withdraw.

Chorus:
Lovers leave each other every day

Some do it clean, others betray
And things reveal, so they say
You left me hanging
You left me hanging
You left me hanging
