It's been cold here
So many days without sunshine it's hanging on tight
This dark winter light
In like a lion
Out like a hunter preying on what little time
We have left in our lives

And if you fall down
Fall down I will be there on my knees
So when you break down
Break down I'll wipe the tear from your cheek
Put you back when you're weak
Piece by piece

Let the sky open
Let it crack through the thundering,
tear through the shuddering night
Let it drown us in light
Let the clouds roll in
Let them open their mouths like a wail,
let it rain for days
We need that rain
And if you fall down
Fall down I will be there on my knees
So when you break down
Break down I'll wipe the tear from your cheek
Put you back when you're weak
Piece by piece

Oh piece by piece

My only father
Staring right into the face of that hurricane tide
I'm right here beside

So if you fall down
Fall down I will be there on my knees
So when you break down
Break down I'll sing you to sleep
Put you back when you're weak
Piece by piece
