Silently revolving  
Knowing where she'd been  
Exciting, revelating  
Princess of the metatron

The antigravitation  
And power of tnt  
Love and imagination  
Princess of the metatron

Enovian formation  
A gendric chile revealed  
Over planetary questions  
Princess of the metatron

Eternial location  
For hyper as we drive  
Which you will hallucination  
Princess of the metatron

Princess of the metatron  
There's steadiness who can't be won  
The princess of the metatron  
The cruiserships who roam in yer mind

With a reflecting presence  
Ethereal sublime  
Rotating in an essence  
Princess of the metatron

A mothership of secrets  
Can anticraft define  
Deserving illumination  
Princess of the metatron

Princess of the metatron  
There's steadiness who can't be won  
The princess of the metatron  
The cruiserships who roam in yer mind
