Just by the shoulder of Orion
Bright Satellite outshone the Turtle Star

Just by the shoulder of Orion
Bright Satellite outshone the Turtle Star
Madam Pele and Mauna Loa below me
Raised up so high to gaze out at the sky
Distant seem the stars
Yet how close we are
Mauna Kea to Andromeda
Mauna Kea to Andromeda

Images from limitless Horizons
The presence of the past is now observed
Projected from the furthest suns to find me
As the earth makes circles through the sky
Distant seem the stars
Yet how close we are
Mauna Kea to Andromeda
Kahauna did you dream
Of otherworlds unseen
Mauna Kea to Andromeda
Mauna Kea to Andromeda

To Andromeda
To Andromeda
Mauna Kea to Andromeda

To Andromeda
Mauna Kea to Andromeda
To Andromeda
