frozen moment chosen time
here and now forever mine
Omega Amigo for you I will always have time
Lucid vision sight sublime
seeing knowing feeling fine
Omega Amigo for you I will always have time

New horizons unconcealed
Destination now revealed
Omega Amigo for you I will always have time
Perfect Wisdom, Tender words
Love and logic lesson learned
Omega Amigo for you I will always have time

Recognition special time
Inspiration of My Faith
Omega Amigo for you I will always have time
