oxygen restriction
oxygen restriction

oxygen restriction
Life celebration
love accumulation
no distraction
new destination

oxygen restriction
love saturation
effect a transformation
we can change this situation ...

oxygen restriction
X-communication
you me identification
total integration
love recreation

oxygen restriction
quiet revolution
evolution is the prime motion
in our elevation
to the next station ...

oxygen restriction
no simulation
check it out this is the real deal
the only way to feel
reject all (L)imitations

oxygen restriction
slow down
deceleration
sex-time dilation
good vibration ... all across the nation
