(Schmeep says: I FINALLY GOT THE LYRICS TO IGWT)

When I look into your eyes, opaque to all illusion
Magnified and opened wide, to voluminous confusion
Touch me, touch me, feel me, feel me
Know me, know me, show me, show me

Mdmazing, mdmazing
Mdmazing, mdmmazing

We got the power, you and me, you and me
We are together in ecstasy
We got the power, you and me, you and me
We are together in ecstasy

Energise, synchronise, in the strobe light radiation
Resonate and scintillate, such a beautiful mutation
Touch me, touch me, feel me, feel me
Know me, know me, show me, show me

Mdmazing, mdmazing
Mdmazing, mdmazing

We got the power, you and me, you and me
We are together in ecstasy
We got the power, you and me, you and me
We are together in ecstasy

Mdmazing, mdmazing
Mdmazing, mdmazing

We got the power, you and me, you and me
We are together in ecstasy
We got the power, you and me, you and me
We are together in ecstasy
