Randy Meadows & Wade Warren

I've got Jesus on the radio
Warm cup of coffee between my knees
I got a road map that tells me where to go
It takes me to the girl I left in Tennessee

I've got a million miles behind me
Maybe a million miles to go
I'm not saying it's been easy
I can't make this drive alone

CHORUS

While I was dancing with the demon
She stayed home all alone
With sober eyes I see clearly
That I can't make on my own

CHORUS
