Boys Are us! Boys are us! (x3)

Boys keep swinging and the telephone is ringing
Always on the night when we are practicing our
singing!!
Boys keep playing and dont mean what they're saying
They always make us role with laughter
Cos we know what they're really like

Don't give a damn what you might say
We're gonna go out anyway (x2)
Don't give a damn what you might say
We're gonna go out anyway
Boys Are us! We use to deny it, now we dying to try it
Boys Are us! We can't get enough of a little bit of rough

They are loud, they're rude and always very cruel
And the stupid things they say when they shouldn't be
excused
The lied they tell, we wish they'd go to hell
Are we sinking? Are we swimming? Boys keep swinging

Don't give a damn what you might say
We're gonna go out anyway
Boys Are us! We use to deny it, now we dying to try it
Boys Are us! We can't get enough of a little bit of rough
Ah ha ha, boys ... Boys... Boys....
