Yeah, we're talking
Yeah, we're laughing
But we're feeling something else inside

Yeah, you're thinking
You're wanting, you're needing
I know 'cause it's written in your lies
It's you I despise

And it's excellent, oh yes, that's excellent
Love for me, boy, and good looking
So good looking, words deleting
Actions are repeating, goin' 'round and 'round
Inside my mind, all the time

And it's excellent, oh yes, that's excellent
Love for me, boy, and good looking
So good looking, words deleting
Actions are repeating, goin' 'round and 'round
Inside my mind, all the time

This is love for me, boy
Taking love for me, boy
Making love for me, boy
And good looking, so good looking

And it's excellent, oh yes, that's excellent
Love for me, boy, and good looking
So good looking, words deleting
Actions are repeating, goin' 'round and 'round
Inside my mind, all the time

And it's excellent, oh yes, that's excellent
Love for me, boy, and good looking
So good looking, words deleting
Actions are repeating, goin' 'round and 'round
Inside my mind, all the time
