Come feel my heart,  
It's beating like a drum,  
And I confess, when you're around,  
It's like an army's marching  
Through my chest.  
And there's nothing I can do,  
I just gravitate towards you,  
I'm feelin' lonely like the moon.  
I just wanna get you  
Somewhere else,  
I say anything I can,  
To get me more  
Than just a dance,  
Tell me where to put my hands,  
You know that you could be  
My favorite one night stand.

You get me higher.

What would you do  
If I told you  
That I la-la-la-la-loved you.  
What would you do  
If I said it tonight?  
What would you do  
If I told you  
That I la-la-la-la-loved you.  
'Cause you know I la-la-la-lied.

You're like a song,  
How beautiful.  
Symphony to my eyes,  
So, take me on,  
I wanna see you love,  
Love through the night.

I'm not like the other boys,  
'Cause with you  
I've got no choice,  
You make me wanna lose my voice,  
I just wanna get you

Somewhere else.  
I'm not the type to lie,  
But I might just start tonight,  
Let me turn off all these lights,  
You know that you could be  
My favorite lullaby,

You get me higher.

What would you do  
If I told you  
That I la-la-la-la-loved you.  
What would you do  
If I said it tonight?  
What would you do  
If I told you  
That I la-la-la-la-loved you.  
'Cause you know I la-la-la-lied.

Like a symphony, like a symphony,  
Like a symphony, tonight,  
Like a symphony, like a symphony,  
Like a symphony, tonight,  
It feels like a symphony,  
Like a symphony, like a symphony,  
Tonight,  
Like a symphony, like a symphony,  
Like a symphony, tonight.

What would you do  
If I told you  
That I la-la-la-la-loved you.  
What would you do  
If I said it tonight?  
What would you do  
If I told you  
That I la-la-la-la-loved you.  
'Cause you know I la-la-la-lied.

What would you do  
If I told you  
That I la-la-la-la-loved you.  
What would you do  
If I said it tonight?  
What would you do  
If I told you  
That I la-la-la-la-loved you.  
'Cause you know I la-la-la-lied.
