I've been let loose and now I'm crawling up the wall  
Word is I got away and now I must be caught

Don't leave, take it from me  
I'll be more than a king  
I can't take that, I can't take that

I'm going crazy and I've been awake for days  
My mirrors are stained with painted portraits of your  
face

Don't leave, take it from me  
You're my dirty disease  
I can't take that, I can't take that

My flatline inhibition is my ammunition  
I'm just fighting to get by  
Just give me some direction  
I'll be your affection  
How could you leave me behind?

I'm a mess and  
You're worse just give me time  
To give you a waste of time  
One of those nights  
When you leave me for no reason  
I'll give you a reason

If seconds heal all wounds  
I'll put these tips on you

I brought apologies wrapped tight in a bouquet  
Just to find out that my face had been replaced  
You see, it was a breeze  
I was tossed to the street

I can't take that, I can't take that

My flatline inhibition is my ammunition  
I'm just fighting to get by  
Just give me some direction

I'll be your affection  
How could you leave me behind?

I'm a mess and  
You're worse just give me time  
To give you a waste of time  
One of those nights  
When you leave me for no reason  
I'll give you a reason

If seconds heal all wounds  
I'll put these tips on you  
When faith is left to prove  
It's all you have to loose.

I'm a mess and  
You're worse just give me time  
To give you a waste of time  
One of those nights  
When you leave me for no reason  
I'll give you a reason
